| <input type="checkbox"/> Evergreen trees | <input type="checkbox"/> Bird houses |
| <input type="checkbox"/> Nesting plat-
forms | |
| <input type="checkbox"/> Dense shrubs/
thicket | |

"I pledge to use ecologically-smart practices in my yard." I believe these sustainable yard practices will help keep our community healthy, naturally beautiful, and safe from harmful chemicals, unnecessary pollution, and waste. I will also try to educate others in my community about the benefits of these practices.
