Michael Brown,
McLean County Solid Waste Coordinator

RE Staff Report for a Solid Waste Transfer Station Application by Henson Disposal

Dear Mr. Brown:

This letter is in response to your email request dated February 5, 2021 for the McLean County Department of Building and Zoning to review the above described application for a regional pollution control facility. I have reviewed the Henson Disposal site approval request in its entirety with consideration of the nine criteria that you listed in your email per Illinois State Statute. I find that the application meets all of the nine criteria.

I had the opportunity to review and comment on two earlier drafts of this application. This application has adequately incorporated my suggestions.

Please let me know if I can be of further assistance.

Sincerely,

Philip Dick, AICP, Director
